

Expectations for Care of Your iPad

- ❑ iPads are for **learning** at home, not for gaming, social media, TV shows, etc.
- ❑ Parents should be able to see the screen, and check internet history frequently.
- ❑ Learn during the day. At bedtime, iPads should be plugged in, not in kids' rooms.
- ❑ Students need to do their own learning. They can ask for help, but should do their own work.
- ❑ Parents - set up a routine, with regular times for learning, play, and meals.
- ❑ Protect your password - do not share it with anyone.
- ❑ Keep food and drinks away from your iPad.
- ❑ **Be kind online.** Use kind words and pictures.

Seesaw Expectations

- ❑ **Parents:** Check the Seesaw Family app or Seesaw website (web.seesaw.me) for announcements from your child's teacher once a day, Mon-Fri. Look for an email invitation from the teacher, or request a new one if you missed it.
- ❑ **Students:** Starting April 13th, check the Seesaw Class app in the *Activities* box and the *Inbox* for messages from your teacher. Check every day, Monday-Friday.
- ❑ **Students:** Finish your *Activities* and add to the *Journal* if your teacher asks you to!
